EXPERIENCE

Full Stack Developer Intern — Malgo Technologies

21/02/2026– 25/08/2026

- Developed responsive and user-friendly web application interfaces using **HTML5, CSS3, JavaScript, and React.js**.
- Built and integrated **RESTful APIs** using **Node.js and Express.js** for frontend-backend communication.
- Worked with **MongoDB and Mongoose** to perform database operations, including creating, reading, updating, and deleting application data.
- Implemented and tested application features, fixed bugs, and improved overall application functionality and performance.
- Used **Git and GitHub** for version control, code management, and maintaining project development workflow.

TECHNICAL SKILLS

Languages: JavaScript, HTML & CSS

Libraries/Frameworks: NodeJS, ExpressJS, ReactJS, Redux-Toolkit

Developer Tools: VS Code, Git, Postman

Other: Web Development, GitHub, English Communication

PROJECTS

MediConnect AI | Full Stack Healthcare Platform

Tech Stack: React.js, Node.js, Express.js, MongoDB, Mongoose, Redux Toolkit, JWT, Gemini AI, Google Maps API

- Developed a full-stack healthcare platform for doctor/hospital search, appointment booking, health tracking, and emergency services.
- Implemented JWT authentication and role-based access for Patients, Doctors, Hospitals, Ambulance Drivers, and Admins.
- Added an AI Health Assistant using Gemini API to provide AI-based symptom analysis and health information.
- Built features for video consultation, ambulance booking, emergency SOS, reviews & ratings, and health analytics.
- Designed a responsive React.js frontend with Redux Toolkit, Tailwind CSS, Framer Motion, and GSAP.

E-commerce Project

Responsive E-commerce Platform for Kitchen Essentials with Interactive UI

- Implemented modern UI/UX components** such as navigation bars, hover animations, and interactive product cards to enhance user experience.
- Designed reusable and scalable components** (product cards, category sections, feature blocks) following clean and maintainable code practices.
- Utilized CSS Flexbox and Grid** to build responsive layouts for multiple sections including navbar, product grid, and service highlights.
- Enhanced visual design with animations and effects**, including hover transitions, scaling effects, and custom underline animations for navigation links.
- Implemented dynamic product filtering and category-based navigation** to help users easily browse and find kitchen essentials based on their requirements.

EDUCATION

Full Stack Development with AI - MERN Stack Training

20/08/2025 – 10/02/2026

SkillonIT Academy,Buldhana

BAMU (Dr. Babasaheb Ambedkar Marathwada University)

2025 - Present

Bachelor of Science (Computer)

Shahaji Raje Vidyalaya, Udaynagar

2024-2025

Intermediate

CERTIFICATION

Full Stack Development with AI - MERN Stack Training

20/08/2025 – 10/02/2026

SkillonIT Academy,Buldhana
